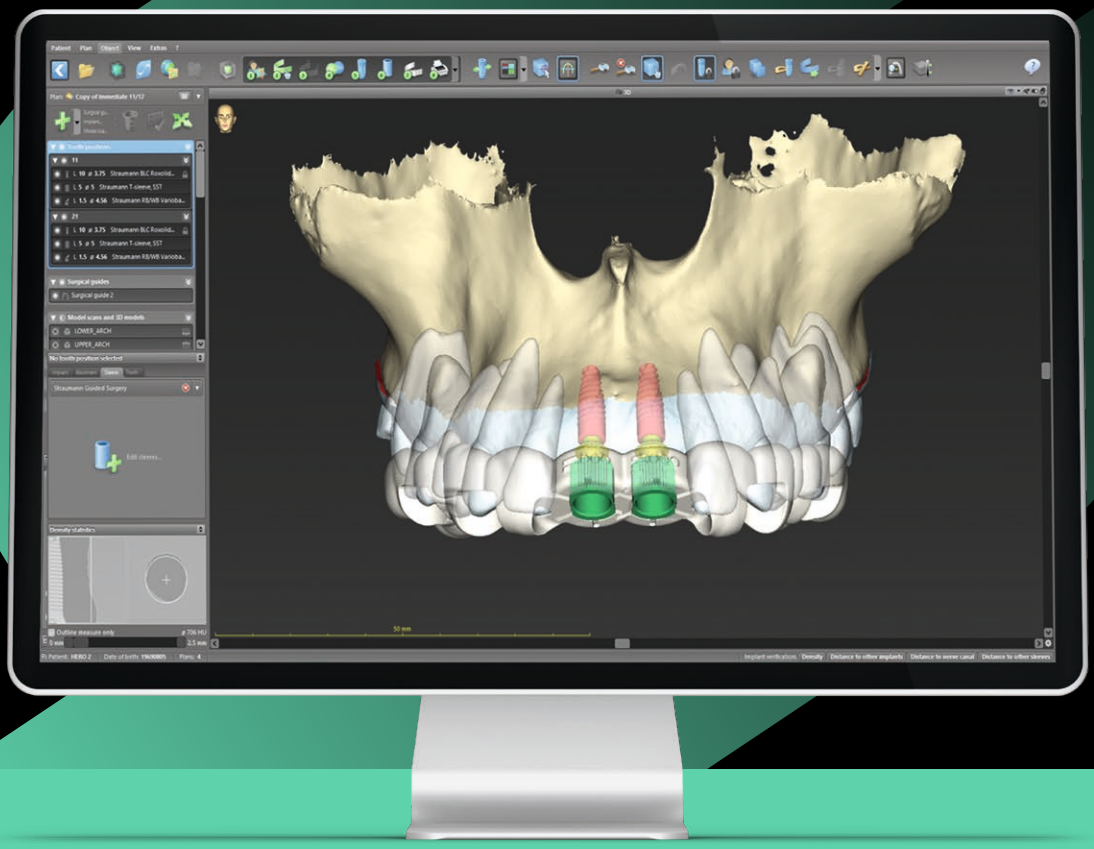
# CODIAGNOSTIX® FOR CLINICIANS

Planning power at your fingertips.



*Product information*

# DIGITAL TREATMENT PLANNING: DELIVERING HIGH-QUALITY AESTHETIC CARE.

In our fast and dynamic world, patients deserve high-quality and aesthetic care with minimal visits. Digital treatment planning is becoming the new standard to help clinicians meet these growing demands, while improving patient engagement. coDiagnostiX®, our state-of-the-art dental treatment planning software, will support you on this journey.

*"In coDiagnostiX®, I can put all the data together – from the CT scan of the patient to the STL of the impression, which gives me the opportunity to study the patient in an overall situation and provide my patient with a better treatment planning."*

**Dott. Stefano Storelli, Italy**

### PREDICTABLE OUTCOMES

Protect critical anatomical structures and ensure predictable outcomes for your patients through high-quality digital treatment planning and guided procedures.

### REDUCED TREATMENT TIME

coDiagnostiX® makes the most out of immediate procedures, allowing for faster time to teeth and less appointments for your patients.

### ENHANCED PATIENT EXPERIENCE

Satisfy your patients' growing demands for better aesthetic results and stressless treatment with prosthetically driven planning and minimal invasive protocols.

### AI-POWERED EFFICIENCY

AI Assistant to enable high-quality planning in less time with enhanced visualization and streamlined workflows

# GIVE YOUR PATIENTS A REASON TO SMILE.

# EXPERIENCE THE DIFFERENCE.

coDiagnostiX® improves your efficiency and maximizes your performance.

## PEACE OF MIND

Plan your treatment upfront with coDiagnostiX® and work with highly precise surgical guides, reducing stress during surgery.

## LESS CHAIR TIME

Save time and increase your efficiency by facilitating immediate procedures and shorter surgery times, enabled by guided protocols.

## IMPROVED PATIENT ENGAGEMENT

Discuss and explain the planned treatment to your patient showing a visualization of the treatment plan.

## SEAMLESS COLLABORATION

Improve the aesthetic outcome by sharing and discussing the treatment plan with your referring clinician, peers or your laboratory.

# PLANNING POWER AT YOUR FINGERTIPS.

From highly accurate guides to outstanding collaboration features: discover the whole powerful set of functions that coDiagnostiX® has to offer.

## PREDICTABILITY

Achieve predictable outcomes even with complex cases through prosthetically driven planning and the design of highly precise surgical guides.

## EFFICIENCY

coDiagnostiX® efficiently supports your workflow for edentulous cases by facilitating stackable guides and an unlimited import of STL files.

## SIMPLICITY

Start planning your first cases quickly with our award-winning EASY mode user interface.

## ALL-IN-ONE SOLUTION

Benefit from one software that supports the full range of clinical indications, including guide design for implantation, endodontic, bone reduction, apicoectomy, sinus-lift or stackable guides. No need for an additional software.
